

**I am a Theta. EVERY I am for the Child.**

**Each year, more than 600,000 children in the United States experience foster care.**

For nearly three decades, Kappa Alpha Theta and her chapters have partnered with National CASA Association and its state and local programs to give a voice to these abused and neglected children. Where there are Theta chapters, we've been able to provide local support for court-appointed volunteer advocacy efforts. **But there are children who need our support in communities where Theta doesn't have chapters, groups, or members.** That's why Theta has committed to raise \$1 million over three years for the National CASA Initiative, making it possible for abused or neglected children in every community—not just our own—to be safe, have a permanent home, and the opportunity to thrive.

**DID YOU KNOW** our impact doesn't have to be limited to 1 in 4 children?

**With your support of Kappa Alpha Theta Foundation's \$1 million commitment to National CASA, we can reach EVERY child.**

**EVERY child deserves a permanent home and the opportunity to thrive.**

**Here's how you can help:**

**DONATE**

to Theta Foundation's National CASA Initiative online or through a chapter's fundraising event.

**VOLUNTEER**

with a CASA/GAL program in your community by being a court-appointed special advocate or by asking about other volunteer opportunities.

**LEARN MORE**

about the impact of CASA's programs for abused and neglected children.

**EDUCATE OTHERS**

about CASA's impact in your community and across the United States.
